of dispersed camping. The dots

but not the symbology. Motorized Trail Access: This symbol indicates a trailhead for access to a motorized route. Not all motorized routes have trailheads and those that do may range from primitive to developed.

a specific distance of that route, solely for the purpose

the left, right, or both sides of the route. Refer to the

Game retrieval is authorized using ATV's from noon to 5:00pm (1200 to 1700) each day, unless soil and water damage will occur. When a big game animal has been legally taken, the individual who legally took the animal may drive or be driven to the downed animal. Under no circumstances may a second ATV be used to retrieve the animal. The ATV driven to the animal should be of sufficient capacity that only

one trip is necessary. The number of individuals who participate in the retrieval is limited only by the ATV's capacity, and the willingness of others to walk to and from the downed animal. The ATV used to retrieve the game may be operated off of the route within the game retrieval areas defined and specified on the MVUM. If the downed game is further than the allowed distance, the vehicle may be driven only the specified distance from the designated route.

All Terrain Vehicles (ATV's) are vehicles that do not exceed 50 inches in width and have low tire pressure (less than 10 lbs of air pressure) with large tire surface on the ground. This does not include dirt bikes or conventional 4-wheel drive vehicles.

Caution: Trails and portions of trails open to motorized use may be unsuitable and unsafe for 4- and 6- wheel ATV use.
